The primary goal of commUNITY church is evangelism, discipleship, and the fulfillment of the Great Commission. We feel spiritual renewal is the key to change in society rather than the social and political realm. Staff members have their own political persuasions but these should be a part of their personal life and not a part of their ministry. A staff member's personal views should not be presented in a way that may lead others to believe it is the position of commUNITY church.

Do you understand and agree with this? Yes No

If no, please explain.
